Loren,

Here is the revised presentation. I added a cartoon in the early pages to explain ISL a little better, and some minor changes in a couple of my slides. Other than that we're good to go. I'm thinking we need about 8 copies, what do you think?

Reid

Reid,

I have taken the briefing we developed for Tom Kelly last year on 192 and Subpart W, and updated it for more current information (on the 192 section only).

I'm not sure if you had developed something different at this point, but here it is if you would want to amend your material in a combined vehicle for the briefing Monday.
